Donated Orthodontic Services

DONATED ORTHODONTIC SERVICES

an American Association of Orthodontists program

Since 2009, American Association of Orthodontists (AAO) members have volunteered to provide high-quality orthodontic care for children of families with financial need.

WHY VOLUNTEER WITH DOS?

Patients are currently waiting for **YOU!** The DOS program has children ready to be matched with a volunteer Orthodontist.

The DOS program takes all the guesswork out of pro-bono volunteering! The program staff will **QUALIFY** the financial need for all DOS cases before they reach your office door.

Join the team of more than 600 AAO Member Orthodontists that continually support the DOS program. Think of the **IMPACT** we can make if all AAO members were DOS Orthodontists!

Use your knowledge and skills to benefit your community. **GIVE BACK** right from your office!

WANT TO VOLUNTEER?

Visit DOS at www1.aaoinfo.org under practice management to complete an interest form.

AAO membership & log-in required
